

2025 SARTA CONFERENCE – Session 3 – QUESTIONS for HEALTHY HEADS

- It would be great if there were more GPs easily accessible for long haul drivers. Eg for diabetes management etc
- Do HHnSheds only work with BP, what about other suppliers?
- Owners of transport business often suffering stress and anxiety ... without support. Can HHnSheds help?
- What is the condition of these drivers after having a check? Have there been individual follow ups or stand downs on site if found to be quite unwell. Like high blood pressure etc?
- How can you help HV drivers regarding Suicide By Truck?
- How can healthy heads support systemic change to stop the bullying and harassment of drivers from enforcement officers?
