

Notification – February 2024

River Torrens to Darlington

Resurfacing Works – South Road

In the coming weeks we will be undertaking resurfacing works on South Road between Sir Donald Bradman Drive, Mile End South and Ashwin Parade, Thebarton. The works involve removing the existing pavement and replacing it with new asphalt, which will ensure the long-term safety and integrity of these sections ahead of the start of major T2D project works.

Location and Timing

Early works are expected to commence on **Sunday 11 February 2024** and will occur at various locations along South Road between Sir Donald Bradman Drive and Ashwin Parade.

Resurfacing works will commence from Monday 19 February and continue through to June 2024. Works will start on the southbound lane of South Road, south of the intersection of Ashwin Parade and West Thebarton Road and continue progressively to Daringa Street, Mile End (just north of Sir Donald Bradman Drive). Works will include the intersection of Henley Beach Road. Works on the northbound carriageway are expected to commence following the completion of the southbound works.

All works will be undertaken between **6pm** and **7am**, Sunday to Friday. Please note works are weather dependent and scheduling may be subject to change.

Traffic impacts

One lane of traffic in each direction will be maintained at all times. Short-term local road and footpath closures in your area will occur as part of these works. We will notify all impacted residents and businesses in advance of any planned activities in the area and will work to keep disruptions to a minimum. Detours, signage, speed restrictions and traffic controllers will be in place to manage traffic flow and ensure motorists, cyclists and pedestrians can safely navigate around our work areas.

Some properties on South Road will have some short-term restricted access. Affected property owners, residents and businesses will be contacted directly in advance. Traffic controllers will be on site to assist with access.

What to expect

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible. This includes scheduling intrusive works in the early evening where practical. You may also notice some odour which is common when asphaltting works are underway.

Pedestrians and cyclists should take care when travelling through the area. For safety reasons there may be some restricted access. Signage will be in place to direct you to alternative access and/or detours.

Some Adelaide Metro bus services and bus stops, within the project area, may be temporarily impacted while work is underway, please observe bus stop signage and visit www.adelaidemetro.com.au for the latest information.

Keeping you informed

For all after hours operational and access enquiries, please contact Downer Group on 1300 012 413.

If you have any questions or concerns and would like to speak to a member of our project team, please do not hesitate to contact us on **1300 951 145** or T2D.sa.gov.au
