

Notification – October 2023

River Torrens to Darlington

Resurfacing Works – South Road

In the coming weeks we will be undertaking resurfacing works on South Road between **Rothsay Avenue and Lloyd Street, Saint Marys**. The works involve removing the existing pavement and replacing it with new asphalt, which will ensure the long-term safety and integrity of these sections ahead of the start of major T2D project works.

Location and timing

Early works are expected to begin the week commencing **Sunday, 29 October 2023**. **Main resurfacing works will commence from Monday, 6 November 2023** for approximately 4 weeks and will be carried out between **6pm** and **7am**, Sunday to Friday. Please note works are weather dependent and scheduling may be subject to change.

Traffic impacts

Short-term road and footpath closures in your area will occur as part of these works. We will notify all impacted residents and businesses in advance of any planned activities in the area and will work to keep disruptions to a minimum. Detours, signage and traffic controllers will be in place to manage traffic flow and ensure motorists, cyclists and pedestrians can safely navigate around our work areas.

Some properties on South Road will have some short-term restricted access. The project team will contact affected property owners, residents and businesses directly in advance. Traffic controllers will be on site to assist with access.

What to expect

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible. This includes scheduling intrusive works in the early evening where possible. You may also notice some odour which is common when asphalt works are underway.

Pedestrians and cyclists should take care when travelling through the area. For safety reasons there may be some restricted access. Signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

Some Adelaide Metro bus services and bus stops, within the project area, may be temporarily impacted while work is underway, please observe bus stop signage and visit <http://www.adelaidemetro.com.au> for the latest information.

Keeping you informed

For all after hours operational and access enquiries, please contact Downer Group on 1300 012 413.

If you have any questions or concerns and would like to speak to a member of our project team, please do not hesitate to contact us on **1300 951 145** or T2D.sa.gov.au
