

Adelaide Hills Productivity and Road Safety Package

Main Road, Cherry Gardens

We are delivering the Adelaide Hills Productivity and Road Safety Package to upgrade key strategic arterial roads in the region. The road improvements will support economic growth, improve road safety and increase fire resilience.

The \$150 million initiative is jointly funded by the Australian Government (80%) and South Australian Government (20%) over five years.

What's happening:

We are starting works on Main Road, Cherry Gardens. Over the coming weeks activities will include establishing the site compound and early works including site surveys and vegetation removal and management.

How this affects you:

To safely undertake the early works, **Main Road, between Black Road and Chandlers Hill Road, will be temporarily closed with a detour in place. The detour will be required each night from Sunday 18 February to late February 2024 between 7pm and 5am.**

Local access only to properties within the closure area will be maintained. Outside of night works hours the road will be fully open to traffic.

No works will be undertaken on Saturday nights, however some Friday nights may be required, please observe on site signage. Please see detour map overleaf.

Onsite traffic controllers will be available to assist. Some properties in close proximity to the works may have short term restricted driveway access at times. The project team will contact affected properties directly in advance.

Access to Main Road within the work zone will be closed for cyclists during work hours, please observe detour signage and onsite traffic controllers. Access will be maintained for emergency services vehicles at all times.

To keep everyone safe around construction vehicles, a 40km speed restriction will be in place at all times on Clarendon Road in the vicinity of the site compound entrance for the duration of the project.

When

Site compound establishment from:

Monday 12 February 2024
Monday – Friday
7am – 5pm

Early works:

Sunday 18 February – late February 2024
Sunday - Thursday
7pm – 5am (weather permitting)

Where

Site compound

Clarendon Road,
Chandlers Hill (approx.
200 south of Main Road)

Early works

Along Main Road,
between Black Road and
Chandlers Hill Road

Australian Government

Government
of South Australia

Department for Infrastructure
and Transport

All vegetation impacts will be managed in accordance with legislative requirements and the Department's Vegetation Removal Policy. Removal of vegetation will be carefully undertaken by a suitably qualified arborist. All trees will be inspected prior to removal and if fauna is found, they will be relocated by appropriately qualified professionals. For more information, please visit the project website.

For further information:

- Call **Bardavcol** for any traffic or property access questions during night shift hours on **0449 686 232**
